

# Safety Data Sheet

## Woodeedoo Decking Oil

Revision Date: 02/09/2025

### NON-HAZARDOUS PRODUCT

This product is **not classified as hazardous** according to Regulation (EC) No 1272/2008 on Classification, Labelling and Packaging of substances and mixtures (CLP), as retained in UK law.

## Section 1: Identification of the Substance/Mixture and of the Company/Undertaking

### 1.1 Product Identifier

Woodeedoo Decking Oil | Matt Finish

### 1.2 Relevant Identified Uses of the Substance or Mixture and Uses Advised Against

Protective oil for outdoor decking, fences, pergolas, and other exterior wooden surfaces.  
Intended for outdoor use only.

### 1.3 Details of the Supplier of the Safety Data Sheet

Company: Search Box Ltd T/A Woodeedoo

Address: Unit 16, Sherwood Network Centre, Ollerton, NG22 9FD, United Kingdom

Telephone: +44 (0)333 002 0032

Email: hello@woodeedoo.com

### 1.4 Emergency Telephone Number

UK National Poisons Information Service (NPIS): 111 (medical professionals only)

General emergency: 999

---

## Section 2: Hazards Identification

### 2.1 Classification of the Substance or Mixture (GB CLP)

Not classified as hazardous under Regulation (EC) No 1272/2008 (CLP), as retained in UK law.

### 2.2 Label Elements

No hazard pictograms required.

Signal Word: None

Hazard Statements: None

Precautionary Statements:

- Keep out of reach of children.
- Use outdoors or in well-ventilated areas.
- Dispose of contents/container in accordance with local regulations.
- Oil-soaked rags may self-ignite – handle and dispose of safely.

### 2.3 Other Hazards

- Prolonged or repeated skin contact may cause minor irritation.
- Oil-soaked application cloths may spontaneously combust if not managed properly.

---

### Section 3: Composition/Information on Ingredients

Mixture of natural drying oils:

- Tung oil (CAS 8001-20-5)
- Linseed oil (CAS 8001-26-1)

Contains no hazardous substances above regulatory thresholds.

---

### Section 4: First Aid Measures

#### 4.1 Description of First Aid Measures

- Inhalation: Move person to fresh air. Seek medical attention if symptoms develop.
- Skin: Wash thoroughly with soap and water. Seek medical advice if irritation persists.
- Eyes: Rinse cautiously with water for several minutes. Remove contact lenses if present and easy to do. If irritation continues, seek medical attention.
- Ingestion: Rinse mouth. Do not induce vomiting. Seek medical advice if large quantities are ingested.

#### 4.2 Most Important Symptoms and Effects

May cause mild skin or eye irritation. Ingestion may cause nausea or stomach upset.

#### 4.3 Indication of Any Immediate Medical Attention and Special Treatment

Treat symptomatically.

---

### Section 5: Firefighting Measures

#### 5.1 Suitable Extinguishing Media

Foam, dry chemical powder, carbon dioxide, or water spray.

#### 5.2 Special Hazards Arising from the Substance or Mixture

In fire, carbon oxides may be released. Oil-soaked cloths present a risk of spontaneous combustion.

#### 5.3 Advice for Firefighters

Wear full protective equipment and self-contained breathing apparatus.

---

### Section 6: Accidental Release Measures

- Absorb spilled oil with sand, earth, or inert absorbent.
- Collect into suitable containers for disposal in accordance with local regulations.
- Prevent entry into drains, sewers, or watercourses.

---

### Section 7: Handling and Storage

- For outdoor use only.
- Ensure adequate ventilation when applying.
- Avoid contact with skin and eyes.
- Oil-soaked rags may self-ignite: soak in water and store in a closed metal container or dispose of immediately.
- Store in original, tightly sealed containers at +5 °C to +25 °C.
- Keep away from heat sources, sparks, and open flames.
- Shelf life: 12 months (unopened).

---

### Section 8: Exposure Controls/Personal Protection

#### 8.1 Control Parameters

No workplace exposure limits assigned.

#### 8.2 Exposure Controls

- Protective gloves recommended for prolonged handling.
- Safety glasses if splashing may occur.
- Adequate natural ventilation is sufficient; use a mask if spraying in enclosed areas.
- Wash hands and exposed skin after use.

---

### Section 9: Physical and Chemical Properties

- Appearance: Clear to amber liquid
- Odour: Mild, low odour

# Safety Data Sheet

## Woodeedoo Decking Oil

- Flash Point: >200 °C (estimated)
- Relative Density: ~0.93 g/cm<sup>3</sup>
- Solubility: Insoluble in water
- Viscosity: Oil-like
- VOC Content: Low

---

### Section 10: Stability and Reactivity

Stable under recommended storage and handling conditions.  
Avoid exposure to high heat, open flame, and strong oxidising agents.  
Thermal decomposition may release carbon oxides.

---

### Section 11: Toxicological Information

- Acute Toxicity: Not classified
- Skin: Prolonged/repeated contact may cause mild irritation.
- Eyes: May cause temporary irritation.
- Inhalation: Low risk under normal use.
- Ingestion: May cause gastrointestinal discomfort.

---

### Section 12: Ecological Information

- Derived from natural vegetable oils.
- Not expected to cause significant environmental impact when used as directed.
- Avoid uncontrolled release into drains or natural watercourses.

---

### Section 13: Disposal Considerations

- Dispose of contents and containers in accordance with local waste regulations.
  - Do not pour into drains or water systems.
  - Oil-soaked cloths must be soaked in water and disposed of safely due to self-ignition risk.
-

### Section 14: Transport Information

Not classified as hazardous for transport.

- UN Number: Not applicable
- Proper Shipping Name: Not applicable
- Transport Hazard Class: Not applicable
- Packing Group: Not applicable
- Environmental Hazards: Not applicable

---

### Section 15: Regulatory Information

Not classified as hazardous under UK REACH/CLP regulations.  
No specific restrictions known.

---

### Section 16: Other Information

This product is a natural blend of tung and linseed oils developed for protecting and nourishing exterior wood surfaces.

This Safety Data Sheet is prepared in accordance with UK Regulation (EC) No 1907/2006 (REACH) and Regulation (EC) No 1272/2008 (CLP), as retained in UK law.

**NON-HAZARDOUS PRODUCT** – This product is not classified as hazardous under CLP.
