

# Safety Data Sheet

## Woodeedoo Garden Furniture Oil

Revision Date: 02/09/2025

### NON-HAZARDOUS PRODUCT

This product is **not classified as hazardous** according to Regulation (EC) No 1272/2008 on Classification, Labelling and Packaging of substances and mixtures (CLP), as retained in UK law.

## Section 1: Identification of the substance/mixture and of the company/undertaking

### 1.1 Product Identifier:

Woodeedoo Garden Furniture Oil | Matt Finish

### 1.2 Relevant identified uses of the substance or mixture and uses advised against:

Protective oil for outdoor wooden furniture, pergolas, garden structures, and decorative wood elements.

For outdoor use only.

### 1.3 Details of the supplier of the safety data sheet:

**Company:** Search Box Ltd T/A Woodeedoo

Unit 16, Sherwood Network Centre

Ollerton

NG22 9FD

United Kingdom

Email: [hello@woodeedoo.com](mailto:hello@woodeedoo.com)

Tel: +44 (0)333 002 0032

### 1.4 Emergency telephone number:

UK National Poisons Information Service (NPIS): 111 (medical professionals only)

General emergency: 999

---

## Section 2: Hazards Identification

### 2.1 Classification of the substance or mixture (GB CLP):

Not classified as hazardous under Regulation (EC) No 1272/2008 (CLP) as retained in UK law.

### 2.2 Label elements:

No hazard pictograms required.

Signal Word: None.

Hazard Statements: None.

Precautionary Statements:

- Keep out of reach of children.
- Use outdoors or in a well-ventilated area.

- Dispose of contents/container in accordance with local regulations.
- Oil-soaked cloths may self-ignite – store and dispose of safely (see Section 7).

### 2.3 Other hazards:

- Prolonged or repeated skin contact may cause minor irritation.
- May cause staining of fabrics or porous materials.
- Rags soaked with oil can spontaneously combust if not properly handled.

---

### Section 3: Composition/Information on Ingredients

Mixture based on natural vegetable oils with additives for wood protection.  
Does not contain harmful or hazardous substances above classification thresholds.  
No components requiring disclosure under UK REACH.

---

### Section 4: First Aid Measures

#### 4.1 Description of first aid measures:

- **Inhalation:** Move person to fresh air. If symptoms occur, seek medical advice.
- **Skin contact:** Wash with soap and water. If irritation persists, seek medical advice.
- **Eye contact:** Rinse cautiously with water for several minutes. Remove contact lenses if present and easy to do. Continue rinsing. Seek medical attention if irritation persists.
- **Ingestion:** Do not induce vomiting. Rinse mouth and seek medical advice if large quantities are ingested.

#### 4.2 Most important symptoms and effects, both acute and delayed:

May cause mild skin or eye irritation. Ingestion may cause nausea or gastrointestinal discomfort.

#### 4.3 Indication of any immediate medical attention and special treatment needed:

Treat symptomatically.

---

### Section 5: Firefighting Measures

#### 5.1 Suitable extinguishing media:

Foam, dry powder, carbon dioxide, or water spray.

#### 5.2 Special hazards arising from the substance or mixture:

Oil-soaked cloths may spontaneously combust. In fire, carbon oxides may be released.

### 5.3 Advice for firefighters:

Wear full protective clothing and self-contained breathing apparatus.

---

### Section 6: Accidental Release Measures

- Absorb spilled oil with sand, earth, or suitable absorbent material.
  - Collect in sealable containers for disposal in accordance with local regulations.
  - Prevent entry into drains and watercourses.
- 

### Section 7: Handling and Storage

- For outdoor use only.
  - Ensure good ventilation when applying indoors (e.g., sheds, garages).
  - Avoid contact with skin and eyes.
  - **Important:** Rags or cloths soaked in oil may self-ignite. After use, soak them in water and store in a closed metal container or dispose of immediately in accordance with local regulations.
  - Store in original, tightly closed containers at +5 °C to +25 °C.
  - Keep away from heat, sparks, and open flames.
  - Shelf life: 24 months (unopened).
- 

### Section 8: Exposure Controls/Personal Protection

#### 8.1 Control parameters:

No occupational exposure limits assigned.

#### 8.2 Exposure controls:

- **Protective gloves:** Recommended for prolonged use.
  - **Eye protection:** Safety glasses if splashing is possible.
  - **Respiratory protection:** Not normally required; use a mask if spraying in enclosed areas.
  - **General hygiene:** Wash hands after handling.
- 

### Section 9: Physical and Chemical Properties

- Appearance: Clear to slightly amber liquid
  - Odour: Mild, low odour
  - pH: Not applicable
  - Flash point: > 200 °C (estimated, based on vegetable oils)
  - Relative density: ~0.9 g/cm<sup>3</sup>
  - Solubility in water: Insoluble
  - Viscosity: Oil-like
  - VOC content: Low
- 

### Section 10: Stability and Reactivity

- Stable under normal conditions of storage and use.
  - Conditions to avoid: Excessive heat, naked flames.
  - Materials to avoid: Strong oxidising agents.
  - Hazardous decomposition: Carbon oxides if burned.
- 

### Section 11: Toxicological Information

Not classified as hazardous.

- **Acute toxicity:** Low
  - **Skin contact:** Prolonged/repeated contact may cause mild irritation.
  - **Eye contact:** May cause transient irritation.
  - **Inhalation:** Low risk under normal use.
  - **Ingestion:** May cause nausea, vomiting, or diarrhoea.
- 

### Section 12: Ecological Information

- Based on natural vegetable oils.
  - Not expected to pose significant risk to the environment when used as directed.
  - Prevent large uncontrolled releases to watercourses or drains.
-

### Section 13: Disposal Considerations

- Dispose of in accordance with local regulations.
- Do not pour into drains or watercourses.
- Oil-soaked rags must be disposed of safely due to risk of spontaneous combustion.

---

### Section 14: Transport Information

Not classified as hazardous for transport.

- UN Number: Not applicable
- UN Proper Shipping Name: Not applicable
- Transport hazard class: Not applicable
- Packing group: Not applicable
- Environmental hazards: Not applicable

---

### Section 15: Regulatory Information

This product is not classified as hazardous under UK REACH/CLP regulations.  
No restrictions known.

---

### Section 16: Other Information

This Safety Data Sheet has been prepared in accordance with UK Regulation (EC) No 1907/2006 (REACH) and (EC) No 1272/2008 (CLP), as retained in GB law.

The information provided relates to the product as supplied and is believed to be correct at the time of publication. It is intended as guidance only and does not constitute a contractual guarantee of product performance.

#### ***Disclaimer***

The information given above is to the best of the Company's knowledge and belief, accurate and reliable. However no warranty guarantee or representation is made to its accuracy, reliability of completeness. It is the user's responsibility to satisfy him/herself as to the suitability of such information for their own particular use.
