COMMUNITY REPAINT

In the UK, an estimated 55 million litres of paint are wasted every year. Community RePaint is a UK-wide paint reuse network, sponsored by Dulux for the past 30 years, which aims to reduce waste and help everyone paint more sustainably. So far, Community RePaint has redistributed 5.4 million litres of leftover paint to individuals, families, communities and charities. Learn more about it here: communityrepaint.org.uk

One room, two moods

Change how a room feels with simple colour schemes

Using different colour combinations in a room can not only change the way a room looks, but also how it works and feels. To see this in action, we've painted and styled the same room in two different colour schemes.

We've transformed this living room into a calming oasis, using a tonal colour scheme with different shades of tranquil blue: **Teal Voyage™**, on the feature wall behind the fireplace, and **Coastal Grey** on the side and back walls. The picture rail is painted in **Polished Pebble™**, connecting the two blues together. This colour scheme is echoed in the styling choices, such as the cushions coloured in soft shades of blue and grey. The lamp, painted in **Perfectly Taupe™**, adds warmth to balance the look.

A primer on colour theory:

Soft Truffle™

Natural Slate

Here, we've combined a palette of warm neutrals to create a living space that feels welcoming and energising.

We've also added visual interest to the room by splitting the colours horizontally, applying **Soft Truffle™** on the upper half of the wall and **Egyptian Cotton™** below with the picture rail finished in **Natural Slate**. The cushions, lamp, and rug add a pop of colour and texture to bring the whole look together.

Colour zoning

Make the most of your busiest spaces

Zoning with colour is a clever and easy way to divide a multi-purpose space into distinct areas.

We have put this into practice in this open-plan kitchen and dining area, the heart of the home. We've used **Pink Parchment**, a soft shade of pink with dusty undertones, paired with the versatile green, **Village Maze**. The pink lifts the kitchen area making it feel less functional, while the dining area's cosy and calm fresh green wraps around family or guests sitting down together.

To provide balance, we've used **White Mist**™ on the remaining wall areas and painted the kitchen cabinets in **Perfectly Taupe**, a gentle warm neutral.

The washable and stain-repellent formulation of Easycare Washable & Tough makes it perfect for busy family spaces.

MAKE AN IMPACT

The cabinets here, painted in
Black from the Dulux Quick Dry
Satinwood range, lend a clean
and sophisticated finish that
matches the black sink taps.

Statement ceilings are here to stay. We've transformed this bathroom through the calming addition of **Guild Green**, which trails down from the ceiling and encourages a spa-like feel. This green is accented by a stripe of **Frosted Papaya**, and the lush plants complete the calming, nature-inspired look.

DULUX EASYCARE BATHROOM

Dulux Easycare Bathroom includes moisture and steam resistant technology that protects against mould for 5 years, keeping your bathroom looking better for longer.

Upcycling in style

Give old pieces a new lease of life with this fun and easy project

Whether you're renting or own your home, you can breathe new life into your space with a few splashes of colour. Here, a flatpack bookcase is transformed into a bespoke room divider – colour zoning a space without painting the walls.

Natural Hessian™, **Mineral Mist™** and **Willow Tree™** are used to paint the bookcase and are part of our Quick Dry Satinwood range. Natural Hessian, a beautiful and distinct warm neutral, forms the base colour. Mineral Mist and Willow Tree add splashes of colour to the inside of the bookcase, including painting the matching file holders.

Easy upcycle

You can use your leftover paint to make an old piece of furniture feel brand new. To revamp this bedside table, we've used the contrasting colours **Willow Tree** and **Black** for a simple and stylish look.

On the wall behind, we've used our Colour of the Year 2024, **Sweet Embrace™**. It's a pale dusky pink with neutral undertones that

balances perfectly against the green to bring a cosy but uplifting feel to the room. To transform this space quickly, we've used our Simply Refresh One Coat product, providing a fresh new look in just one coat.
