

# Renovation paint guide

Expert help & advice  
for all your renovation paint projects

# Hello. And a warm welcome to GoodHome.

We are the sustainable home improvement lifestyle brand that makes it simpler for anyone to upgrade, elevate and better organise their living space to enjoy a better life.

**Firm in believing that a good home is a universal need, not an exclusive luxury**, we inspire, guide and motivate every home improver on their journey to create their vision of a good home, regardless of their skill level.

**Always simplifying tasks, choices and projects**, we create ecosystems of products that work together and in harmony for every home architecture and size, helping you achieve your vision of a good home.

All to your taste and budget – and simple to use.

**We make change possible and simpler**, with a commitment to making the best, most environmentally sensitive products available. Helping you live healthily, happily and in balance with the world around you.

From kitchens and gardens to bathrooms and interior decoration, and everything in between, we'll help transform your world – positively impacting your home, your pocket and the planet.

## A world of good

Making it simple to have a **good** home that's **good** for the planet and your pocket.

Discover

GoodHome 

exclusively at

We're relaunching our GoodHome renovation paint range, developed by our team of experts who are here to make your life a little easier than it was before.

# A better life. More affordable.

We make a better life more affordable. Exceptional functionality, aesthetic and value – we're the smart choice.

Our **GoodHome all-in-one durable multi-surface paint** offers enhanced features for an affordable price. It is ideal for creating a harmonised look across the home working in co-ordination with our GoodHome walls & ceilings paint. It's ultra durable formulation means it will resist everyday stains and scratches.

- Tough & durable
- Stain & water resistant
- Scratch & impact resistant

# Accessible for everyone

We ensure good homes are accessible for everyone, by offering co-ordinated and complete design solutions that simplify choice and make home improvement easier:

- Our renovation paint colour palette has both timeless and on trend options, to ensure there's a colour for everyone.
- You'll find the same colours that you love in our GoodHome coloured emulsion range, for an easy coordination on more surfaces!
- Can't decide? Our GoodHome colour testers allow you to try the paint colour at home in the natural light of the space.

# Ethical, sustainable and supportive

We make change possible and simpler. Ethical, sustainable, and supportive – we do everyone, every home and the planet the world of good.

Water based

Recyclable  
containers

- We've removed any unnecessary chemicals that are harming plants and humans and are now offering water based and low odour formulations. Because of that, painting tools can be cleaned with just soap and water, rather than white spirit.
- Recyclable metal cans (for some of the products).
- The GoodHome renovation paint range is a great way to give your existing products a new lease of life, instead of sending them to landfill. When we upcycle, not only do we get to put our creative stamp on our project, but we reduce the amount we throw away too, which is great for the environment.
- By offering environmentally friendly products that are fit for purpose and easy to apply and to maintain, we make paint projects accessible to everyone.

# Contents

## Multi-surface paint 08

Our all-in-one durable paint for all surfaces

## Specific project paint 12

Multi-surface paint

**GoodHome  
MELVILLE**  
Multi-surface paint

This all-in-one durable paint is easy to use and doesn't even need priming. It can be used to give cabinets, furniture, radiators, wall panelling, tiles and wood or laminate floors a refresh.

Create a harmonised look across your home by using multi-surface paint in coordination with GoodHome wall paint. It is hard-wearing, stain resistant and easy to clean.

#### Suitable for use on:

- Wood (bare, varnished, painted)
- Laminate
- Melamine
- Plastic
- Metal
- Glass
- Ceramic
- Stone

#### One of our favourites

antibes

Antibes is one of our favourite colours to the multi-surface range. We love how its bold colour can add warmth and style to any project.

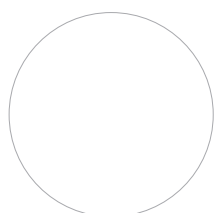

# Multi-surface paint

## Whites, neutrals and colours

Choose from our colour palette to find your ideal colour. These shades also feature in our GoodHome wall paints so you can co-ordinate across multiple surfaces.

All colours are available in satin, with selected colours in matt and gloss.

- Brush for grooves
- Roller for flat surfaces
- Round brush for details
- Gloves
- Sandpaper
- Knotting solution to seal bare wood
- Face mask

See [diy.com](http://diy.com) for project specific advice

## Preparation hints and tips

<p><b>01</b></p>	<p><b>02</b></p>	<p><b>03</b></p>	<p><b>04</b></p>
<p>Get the right tools for your project.</p>	<p>Sand surface thoroughly to ensure good adhesion. Whilst sanding wear a face mask to avoid dust inhalation.</p>	<p>Wash the surface with sugar soap, rinse thoroughly, and let it dry before painting.</p>	<p>Always follow the instructions. Don't forget to mix in the additive where appropriate as this will ensure your paint performs for the task intended and gives you a long-lasting finish.</p>
<p><b>05</b></p>	<p><b>06</b></p>	<p><b>07</b></p>	<p><b>08</b></p>
<p>Scoop from the bottom and stir the paint thoroughly to ensure all pigments are mixed in.</p>	<p>Apply at least 2 coats and wait for the specified drying time for the best finish.</p> <p><b>Top tip!</b> Finish painting with light vertical upward strokes to prevent paint dripping.</p>	<p>Protect your flat matt furniture paint with GoodHome wax or lacquer.</p>	<p>Some paints take 10 days to fully cure. Your surface may seem touch dry but during this time treat your new paintwork with extra care, gently wiping any spills or liquids from the paint immediately.</p>
