Manufactured in Cork, Ireland by the country's largest quality paintmakers. For more information, visit [dulux.ie](http://dulux.ie)  
MODA is a trademark of the AkzoNobel group. ©2020

The information on the back of the cans will help you to assess the right amount of paint for your job. If you have any usable surplus, offer it to friends or community groups who may be able to use it.

For technical reasons connected with the printing process, the representation of the colour on the image pages may not exactly match the paint colour in the can. The colour chips at the back of the colour card are more accurate but slight variations between batches of paint may occur. Where more than one tin of paint is required, check that batch numbers are identical and if not, intermix before use.

Please ensure that you always use a tester on the actual surface to be painted before decoration.

In the interests of the environment, please pass this colour card on to a friend or family member when you have finished with it.
