Energy efficiency rating for appliances

First introduced over 20 years ago, energy labels awarded products with an A for high efficiency or an F for low efficiency, encouraging manufacturers to develop more energy-efficient technologies. As products became more efficient, labels of A+, A++ and A+++ were added.

In recent years, the EU agreed to clearer energy efficiency labelling rules, so moved to an A to G energy scale. These symbols tell you how energy-efficient each appliance is, with 'A' being the most efficient and 'G' being the least.

The new regulations apply across all European member states and Northern Ireland, and Great Britain have implemented similar requirements. These updated labels have been visible in stores and online since 1 March 2021. A new element in these labels is a QR code, which provides additional information.

Old labels

Current labels (from 1 March 2021)

Republic of Ireland and Northern Ireland

Great Britain

Good to know

Stacking your appliances can save valuable worktop space. Ovens, compact ovens, microwaves, warming drawers and even coffee machines can be fitted together in our appliance housing cabinets.

For more ideas and inspiration visit diy.ie/appliances

Cooking

From ovens and hobs to microwaves and coffee machines, elevate your mealtimes with our range of high quality cooking appliances.

Fan & multifunction ovens 8

Cook your food quickly and evenly with a classic fan oven, or opt for a multifunction oven for total versatility.

Pyrolytic ovens 10

Save cleaning time with pyrolytic ovens, engineered with a self-cleaning function that burns away grease and grime.

Double ovens 16

Ideal for Sunday roasts and family dinners, double ovens give you the space and flexibility to cook multiple dishes simultaneously.

Compact oven microwaves 18

Perfect for busy households, compact oven microwaves give you the freedom to cook meals in a flash.

Microwaves 20

Microwaves are a quick and easy way to heat up and defrost food, with a compact design that lets them fit in even the smallest kitchens.

Warming drawers & coffee machines 25

Upgrade your morning with the perfect coffee, and keep plates warm with a handy warming drawer.

Range cookers 26

Create a focal point in your kitchen with a spacious range oven. These versatile styles include multiple ovens, a grill and a hob, ready for even the biggest feasts.

Hobs 32

Find the perfect hob for your kitchen space, with a range of gas, induction and ceramic styles.

Hoods 42

Keep your kitchen clear with our range of cooker hoods, designed to filter our smoke and steam while you're cooking.

For more ideas and inspiration visit diy.ie/appliances

Fan and multifunction ovens

Fine-tune your cooking with our fan and multifunction ovens, complete with a range of intelligent features to make dinnertime easier.

Pyrolytic ovens

Pyrolytic ovens include a self-cleaning function that heats the oven up to a high temperature, burning off grime and food residue. This can then be wiped away when the oven has cooled down.

Ultimate results with **ADDED STEAM**

VARIO STEAM®

Want to improve the flavour, texture and colour of every dish? Whether you're roasting, grilling, or baking, **Vario Steam®** adds that extra touch to enrich the taste of every dish.

Scan the QR
code to see
Vario Steam®
in action.

With 3 levels of intensity to choose from, Vario Steam® combines hot air with steam to create perfect results for all types of food: from crisp and fluffy roast potatoes, tender roasted meats and beautifully moist cakes, pastries and bread.

Available on NEFF N90 Oven with Added Steam
B64VS71G0B / 4242004266198.

Combination possibilities.

Create seamless lines in your kitchen with our Series ranges by combining a single oven together with one of our compact appliances and warming drawers. For the optimum in design co-ordination, choose appliances belonging to the same Series family to create harmonious lines in your kitchen.

Hobs

Hob types explained

Ceramic

Fitted with a durable and heat-resistant ceramic glass surface, these hobs use electric heating elements to quickly heat up the different cooking zones.

Induction

Instead of heating up the hob surface, induction hobs only heat up your pans, ensuring quick, energy-efficient and incredibly safe cooking. These hobs require pans with a magnetisable base.

Gas

Gas hobs are energy efficient, quick to heat up and easy to control, making them a popular choice for both professional cooks and everyday kitchens.

Hob-to-hood connection

Our GoodHome hobs feature hob-to-hood connection that automatically controls the extraction rate of GoodHome hoods.

Shown: beko 60cm ceramic hob Black, 8690842718328

Induction hobs

These hobs rapidly heat using induction technology, heating the pan rather than the surface. They require pans with a magnetisable base, such as iron or stainless steel.

NEFF Venting Hobs

ELEVATE KITCHEN STYLE & COOKING!

THE 2-IN-1 HOB AND HOOD:

With freedom from a conventional wall or island hood, our integrated cooktop ventilation allows you to reclaim your space in the kitchen. The NEFF Venting Hob is set to create the stylish and sociable kitchen you've always dreamt of.

Our Venting Hobs offer maximum flexibility in installation options - Unducted, Partly Ducted, Fully Ducted & Ducted out. Perfect for any kitchen layout, whether it be installed on a kitchen island or against the wall.

PERFECT RESULTS FOR EVERY DISH WITH FRYING SENSOR

The sensor automatically adjusts the heat to the pan to maintain an even temperature. This control allows you to cook all dishes to perfection as it maintains a consistent heat preventing overcooking or burning.

(available on V58NHQ4L0 / 4242004277477)

Hoods

Do I need a recirculating or vented hood?

Recirculating hoods

The air is passed through a grease filter to remove the grease and the odours are absorbed using a carbon filter.

Benefit – easy installation and the hood can be placed anywhere.

Vented hoods

Vapours are passed through a grease filter to remove the grease and the filtered air is conveyed to the outside via ducting and a wall vent.

Benefit – high airflow rate and the hood does not require a carbon filter.

What size should a cooker hood be?

Your cooker hood should be either equal to or bigger than the width of the hob.

Fridge and freezer colours and materials

Please refer to the product listings for your chosen range for colour availability.

Fridges and freezers

Keep your food fresher for longer with innovative features like HarvestFresh™, even air distribution and frost-free designs.

Fridge freezer features explained

FreshSafe

Keeps food fresh longer.

NeoFrost™ Dual Cooling

Separate cooling systems for each compartment maintain ideal air flow and optimal temperatures with a high level of humidity in both the freezer and the fridge.

HarvestFresh™

Three-colour light technology to cleverly mimic the 24-hour sun cycle. This preserves vitamins in fruits and vegetables for longer.

SuperCool and SuperFreeze

Lowers temperature for a short period so anything new in the fridge or freezer is chilled or frozen quickly.

Multi Airflow

Even air distribution for longer freshness.

VarioZone

Features variable-use glass shelves and drawers in the freezer compartment.

70/30 fridge freezers

Inspired by nature, powered by light

HARVESTfresh™

Innovative 3 colour light technology cleverly mimics the natural 24 hour sun cycle to preserve vitamins for longer*.

HarvestFresh™ technology available on selected models at B&Q.

* Tested by Intertek. Based on Vitamin C and Vitamin A measurements in tomatoes, green peppers, carrots, spinach and celery directly exposed to the light technology compared with Day 0 conditions over a 5-day period.

Freestanding tumble dryers

Features explained

Condensing

Condenser tumble dryers store water in a container and can be placed anywhere in your home.

Heat pump

Heat pump tumble dryers gather water in a tank like a condenser dryer, but recycle the hot air inside the drum. This contributes towards lower energy consumption.

Hotpoint

Terms and conditions

Ordering and delivery

Available for home delivery

Selected items are available to order for delivery direct to your home. Restrictions apply. Delivery charges may apply. See diy.ie for further details. When buying at diy.ie we'll tell you the delivery time during the checkout. If ordering in store please ask.

Store delivery service

If you're not able to get your items home from store why not use our store delivery service? This service enables you to have your items delivered to the ground floor of choice in your home. Ask your local store for details on their delivery area. Charges may apply.

Ordering & delivery FAQs

Will all of my home delivered items arrive together?

You can select the same delivery date for several products at the checkout at diy.ie. However, items delivered by different partners may arrive separately and at different times. Your order will only have one delivery charge.

Do you deliver to my address?

We're unable to deliver online orders from diy.ie outside of the Republic of Ireland. Bulk delivery is currently only available in Dublin and the surrounding area, see diy.ie/customer-support/delivery for list of areas.

Bulk products will be delivered to the kerbside outside of your address. You'll be advised at the checkout if this is the case, and you'll be responsible for moving these items onto your property.

Can B&Q let me know the time of my delivery?

Some of our delivery partners may contact you in advance by phone or by text message and may let you know either an estimated arrival time or confirm an am/pm delivery slot. If this applies to your order, we'll let you know in your confirmation email.

When will my home delivery order arrive?

For the majority of products on diy.ie, we'll either be able to let you know, or let you choose, a delivery date before you check out. For all other products, we'll let you know that we'll be in touch by phone or text message to arrange a delivery date.

Deliveries are made between 8am and 6pm.

When can I collect my Click + Collect order?

If you order after 7pm Monday to Friday or 4pm Saturday and Sunday, your Click + Collect order will be available from 1pm the next day in your chosen store.

Find out more about when your order will be ready for collection on our Click + Collect page on diy.ie/customer-support/click-collect.

If you don't collect your order straightaway, we'll hold it in store for you for 7 days. If it's not been collected after 7 days, we'll automatically return it and process a refund

Where do I collect my Click + Collect order from?

Your Click + Collect order will be available at the Click + Collect point in your chosen store. Look for the Click + Collect signs in the checkout area.

About our products

All products are subject to availability.

All prices are correct at time of going to press and may be subject to change. Whilst we try to ensure accurate colour representation, please be aware that the photographic process may sometimes alter colours. Some items in our photographs are included for display purposes and are not necessarily intended to be installed as shown with regard to proximity. Please refer to the instructions supplied with your product before installation. A summary of this price guide is available in Braille, large print or on audio cassette. Please ask at your local store for more details.

Finance

Fees, Terms and Conditions and minimum credit criteria apply. Subject to credit assessment and approval, humm is underwritten by Flexifi Europe Limited. Company Number: 600124. Flexifi Europe Limited, trading as humm is regulated by the Central Bank of Ireland. See humm.ie for more details.

Doing your bit

Waste Electrical and Electronic Equipment (WEEE) and waste batteries must never be placed in any of your household wheelie bins. WEEE is taken back free of charge at electrical retail outlets on a one-on-one like-for-like basis. There is a container for small waste batteries in your local store. Local authority civic amenity facilities also take back WEEE and waste batteries free of charge. WEEE and waste battery recycling is free.

Returns policy

Please keep your receipt for anything you buy from us. It'll ensure we can help you if you need to bring something back.

If you return a product unused, with the original receipt within 90 days of purchase (or delivery where applicable) we'll exchange the product or issue a refund based on the original method of payment. For purchases made by debit/credit card, the same card must be used to process the refund. B&Q customer sales forms are an acceptable form of receipt.

Products that have been cut, made to measure or mixed to your requirements cannot be exchanged or refunded.

Your consumer rights are not affected

If the product you purchase is faulty, or not as described, we may offer an exchange, refund or repair as appropriate, in accordance with your consumer rights.

Ways to return your items

In the first instance, return via home delivery or diy.ie. Contact us on 1800 860 560. Lines are open 8am-8pm Monday to Saturday and 10am-4pm Sunday. Email us at home.delivery@b-and-q.ie

Write to us at B&Q Customer Services Centre, 6th Floor, 2 Grand Canal Square, Dublin 2.

Alternatively, return your items to your local B&Q store

You'll need to take the product, your receipt/sales advice and the debit/credit card you used for payment with you.

Contacts

If you would like to leave feedback about your experience in our stores please let us know.

Email us

You can contact us using our customersupport form at diy.ie/contact_us

Call or write to us

For questions relating to orders placed for home delivery, please call our dedicated line on 1800 860 560. Monday-Saturday 8am-8pm, Sunday 10am-4pm. For general enquiries call 1800 860 560.

Monday-Friday 8am-8pm, Saturday 8am-5pm, Sunday 10am-4pm.

Or write to us at B&Q Customer Services

Centre, 6th Floor, 2 Grand Canal Square, Dublin 2. Registered office: B&Q Ireland Limited, 6th Floor, 2 Grand Canal Square, Dublin 2.

GoodHome is our product brand. It is a seal of quality, innovation and excellence and a number of existing products branded Cooke & Lewis have garnered great customer feedback and passed all our assessment criteria. They have therefore won the right to move under the GoodHome brand but are still being supplied under their original Cooke & Lewis packaging for a short period because true to our sustainable ambition, we do not believe in throwing away perfectly good packaging.
