Make heating a work of art

Whether it's part of a renovation or you're just giving your room a bit of an upgrade, we've got radiators and towel warmers to suit every space. From beautifully bold designer radiators to classic column styles, you can transform your heating into a stunning focal point.

Choosing the right radiator

When choosing your new radiator, it's important to consider whether you need a plumbed or electric style, as well as how powerful it needs to be. Here's a quick overview to help you find the perfect fit.

(Shown) 5901804789991

Plumbed or electric?

Plumbed radiators

Plumbed are the most common style of radiators. They're connected to your central heating system: when your heating is on, they fill with hot water and disperse heat, making them an easy, efficient way of keeping the whole house warm.

Electric radiators

Unlike plumbed styles, electric radiators work independently from your central heating system, meaning they can heat individual spaces. They're great for areas that aren't connected to your plumbing, such as attic spaces or conservatories.

Understanding BTU heat output

BTU (British Thermal Units) is a measurement of thermal energy. It's used to work out how much power you need from your radiator.

Here's a rough guideline of how high your radiator's BTU will need to be, depending on your room size. For a more accurate guide, use our BTU calculator at diy.com/btu

Small room:

Approximately:

- L x W: 2 x 1.5m / 6 x 4ft
- H: Standard ceiling 2.4m / 8ft
- 1 window: 0.75m sq / 2.4ft sq

1000 BTU

Medium room:

Approximately:

- L x W: 5 x 2.5m / 16.5 x 8ft
- H: Standard ceiling 2.4m / 8ft
- 1 window: 1m sq / 3.2ft sq

3500 BTU

Large room:

Approximately:

- L x W: 6 x 3m / 19.5 x 10ft
- H: Standard ceiling 2.4m / 8ft
- 2 windows: 1m sq / 3.2ft sq

5300 BTU

Plumbed designer radiators

Radiators are an essential part of keeping your home warm, but they can also act as a statement piece in your overall décor. With bold designs and a range of colours, these plumbed design-led styles will do just that.

GoodHome Faringdon W452 x H1800mm. BTU 2598. Plumbed radiator for use with hot water central heating systems. 5-year guarantee.* Anthracite 5059340416830 **£228**. Available in four sizes in anthracite and white.

Understanding BTU heat output

BTU (British Thermal Units) is a measurement of thermal energy. It's used to work out how much power you need from your radiator.

Here's a rough guideline of how high your radiator's BTU will need to be, depending on your room size. For a more accurate guide, use our BTU calculator at diy.com/btu

Small room:

Approximately:

- L x W: 2 x 1.5m / 6 x 4ft
- H: Standard ceiling 2.4m / 8ft
- 1 window: 0.75m sq / 2.4ft sq

1000 BTU

Medium room:

Approximately:

- L x W: 5 x 2.5m / 16.5 x 8ft
- H: Standard ceiling 2.4m / 8ft
- 1 window: 1m sq / 3.2ft sq

3500 BTU

Large room:

Approximately:

- L x W: 6 x 3m / 19.5 x 10ft
- H: Standard ceiling 2.4m / 8ft
- 2 windows: 1m sq / 3.2ft sq

5300 BTU

Choosing the right valves

Valves are an essential part of any plumbed radiator. To help you find the perfect fit, here's a quick overview of the types of radiator valves, as well as the different formats these can take.

Radiator valves explained

Every plumbed radiator has an inlet control valve to control the incoming flow of water to your radiator, as well as an outlet lockshield valve to control the outgoing water. This lets you control how hot each radiator gets.

There are two main types of control valves:

Manual valves

A simple valve that can be manually adjusted to control the flow of water to a radiator.

Thermostatic radiator valves (TRVs)

A valve that automatically regulates the flow of hot water entering the radiators to keep a set temperature in a room.

Different valve formats

Angled valves

Required for side inlets with pipes coming up through the floor.

Straight valves

Required for underside inlets with pipes coming up through the floor.

Angled or corner valves

Required for side inlets with pipes coming through the wall.

Angled or straight H-block valves

Required for double underside inlets with pipes coming through the wall or floor.

Angled or corner valves

Required for underside inlets with pipes coming through the wall.

H-block valves only available online at diy.com

TRV colours and materials

Thermostatic radiator valves

By automatically regulating the flow of hot water into your radiator, thermostatic radiator valves (TRVs) keep your room at a set temperature, helping you to stay in control of your energy usage. To explore our full range of TRVs, visit diy.com

2

Good to know

Aluminium is a fantastic conductor of heat, meaning less water is needed to get your room up to temperature. It's also lighter than steel or cast iron alternatives, so it's easier to lift when fitting.

2. GoodHome Lansing - Aluminium W500 x H1100mm. BTU 1436. Plumbed radiator for use with hot water central heating systems. 10-year guarantee.* Beige 5059340606583** **£128**. Available in one size in beige, white and grey.

VEO explained

- Five room temperature settings
- 7-day programmable timer
- Handy dryer function
- Remote control via Wi-Fi through the Terma Smart app
- Included with selected Terma electric radiators
- Can be bought separately to convert plumbed styles into electric.

Smart thermostats

Control your heating from your smartphone with our range of smart thermostats. With features like geofencing and automatic schedules, keeping your home cosy has never been easier. For ultimate flexibility, add a smart TRV and control your temperature room by room.

- Manage your heating and hot water from wherever you are
- Warm your home quickly at the touch of a button
- Compatible with Amazon Echo, Google Assistant and more
- Works with your existing boiler
- No need to switch energy supplier
- Cut your energy bills by up to 25% by never heating an empty home.

Hive smart TRV head
Control your heating room by room.
Adjustable from a smartphone or tablet through the Hive app.
Works with Amazon Alexa, Google Home and Apple HomeKit.

Central heating chemicals

Central heating chemicals can be used to maintain, improve and repair your central heating system, making it more efficient and minimising repair costs. Here's a closer look at the different kinds of chemicals to help you get started.

Inhibitors

By protecting your central heating system against things like sludge build-up, limescale and corrosion, inhibitors can make systems more efficient and long-lasting, helping to reduce heating and maintenance costs.

Sentinel X100 1L
Protects against limescale and corrosion.
Reduces boiler noise and maintains efficiency.
Energy Saving Trust recommended.
5016402052719
£19.92

Flomasta central heating inhibitor 1L
Protects against corrosion and limescale.
Suitable for mixed metal systems.
5063022047014
£16

High-performance cleaners

Where corrosion has built up, specially developed cleaners help to remove any magnetite sludge, eliminating cold spots in your radiators and restoring the proper heat distribution.

Sentinel X800 1L
Cleans systems in 1 hour.
Targeted dissolution of corrosion debris.
Ideal for power flushing.
5016402000239
£20

Flomasta central heating cleaner 500ml
Disperses sludge, limescale and system debris.
Suitable for mixed metal systems.
Restores heating efficiency.
5063022047038
£7.45

Leak sealers

Used to treat small internal leaks or weeping joints, leak sealers work by forming a seal around the leak, saving you money on repair or replacement costs.

Sentinel Leak Sealer 1L
Seals all minor leaks.
Suitable for all metals.
Easy to apply.
5016402052788
£17.97

Flomasta central heating leak sealer 500ml
Seals inaccessible leaks and weeping joints.
Reduces pressure loss in sealed systems.
Does not cause blockages in circulator pumps or air-vents.
Suitable for mixed metal systems.
5063022047007
£8.98

Panel radiators

With a traditional panelled design, these classic radiators are a great way to keep your space warm. Choose from single, double or double plus styles.

Single panel

Also known as Type 11 radiators, single panel radiators are generally the thinnest styles and have a smaller heat output, ideal for hallways and small spaces.

Flomasta Type 11

Dimensions W x H mm	BTU	Type	
400 x 500	1109	Standard	5059340420974**
400 x 600	1298	Standard	5059340420851

800 x 400	1827	Standard	5059340421056**
800 x 500	2218	Standard	5059340420936**
800 x 600	2280	Flat	5059340420561**

Single (Type 11) Single panel, single convector. Lowest heat output and slimmest panel radiator, ideal for smaller rooms.

Dimensions W x H mm	BTU	Type	
800 x 600	2595	Standard	5059340420813
800 x 700	2960	Standard	5059340420745**
900 x 400	2056	Standard	5059340421049**
900 x 500	2496	Standard	5059340420929**
900 x 600	2920	Standard	5059340420806**
900 x 700	3330	Standard	5059340420738
1000 x 500	2773	Standard	5059340421032
1000 x 600	2850	Flat	5059340420615
1000 x 600	3244	Standard	5059340420912
1200 x 400	7241	Standard	5059340421070
1200 x 600	3893	Standard	5059340420899
1200 x 700	4440	Standard	5059340420776
1400 x 500	3882	Standard	5059340421001
1400 x 600	4542	Standard	5059340420882
1400 x 600	3990	Flat	5059340420592
1600 x 600	5190	Standard	5059340420875
1800 x 600	5893	Standard	5059340420868

Double panel plus

Double panel plus radiators are slightly thicker than single panel styles, meaning they're able to produce more heat.

Flomasta Type 21

Dimensions W x H mm	BTU	Type	
400 x 600	1824	Standard	5059340421247**
500 x 500	1960	Standard	5059340421360**
500 x 600	2154	Flat	5059340421964**
500 x 600	2280	Standard	5059340421230**
600 x 400	1959	Standard	5059340421452**
600 x 500	2352	Standard	5059340421353**
600 x 600	2736	Standard	5059340421223
600 x 600	2585	Flat	5059340421971**
600 x 700	3113	Standard	5059340421155**
700 x 500	2744	Standard	5059340421346**
700 x 600	3192	Standard	5059340421216**
700 x 700	3631	Standard	5059340421148**

Double panel

Double panel radiators are larger than single or double panel plus styles, meaning they produce the most heat – perfect for larger spaces such as dining or living rooms.

Flomasta Type 22

Dimensions W x H mm	BTU	Type	
400 x 500	2009	Standard	5059340421773**
400 x 600	2333	Standard	5059340421643
500 x 500	2511	Standard	5059340421766**

Terms and conditions

Ordering and delivery

Available for home delivery

Selected items are available to order for delivery direct to your home. Available for selected locations. Restrictions apply. Delivery charges may apply. See diy.com or see in store for further details. When buying at diy.com we'll tell you the delivery time during the checkout. Please ask about delivery times when ordering in store.

Store delivery service

If you're not able to get your items home from store, why not use our store delivery service? This service enables you to have your items delivered to the ground floor room of your choice in your home. Ask your local store for details on their delivery area. Charges may apply.

Ordering and delivery FAQs

Will all of my home-delivered items arrive together?

You can select the same delivery date for several products at the checkout at diy.com. However, items delivered by different partners may arrive separately and at different times.

Do you deliver to my address?

We're currently unable to deliver online orders to the Republic of Ireland, Jersey, Guernsey, Isles of Scilly, Scottish Islands (including Isle of Skye, Isle of Arran, Isle of Colonsay, Isle of Cumbrae, Isle of Jura, Isle of Coll, Isle of Eigg, Isle of Rum, Isle of Canna), Orkney Islands, Outer Hebrides and BFPO addresses.

Bulk products will be delivered to the kerbside outside of your address. You'll be advised at the checkout if this is the case, and you'll be responsible for moving these items onto your property.

Can B&Q let me know the time of my delivery?

Some of our delivery partners may contact you in advance by phone or by text message and may let you know either an estimated arrival time or confirm an am/pm delivery slot. If this applies to your order, we'll let you know before you check out and in your confirmation email.

When will my home delivery order arrive?

For the majority of products on diy.com, we'll either be able to let you know, or let you choose, a delivery date before you check out. For all other products, we'll let you know that we'll be in touch by phone or text message to arrange a delivery date. Deliveries will be made between 8am and 6pm.

When can I collect my Click + Collect order?

If you order before 7pm Monday to Friday or 4pm Saturday and Sunday, your Click + Collect order will be available from 1pm the next day in your chosen store.

Please note that in some stores your order will take two days to be ready and can then be collected after 6pm (this includes stores in Northern Ireland and on the Isle of Man, please see diy.com/click-collect for the full list).

Find out more about when your order will be ready for collection on our Click + Collect page at diy.com/click-collect

If you don't collect your order straight away, we'll hold it in store for you for 7 days. If it's not been collected after 7 days, one of our team will be in contact with you.

Where do I collect my Click + Collect order from?

Your Click + Collect order will be available at the Click + Collect point in your chosen store. Look for the Click + Collect signs in the checkout area.

About our products

All products are subject to availability.

All prices are correct at the time of going to press and may be subject to change. Whilst we try to ensure accurate colour representation, please be aware that the photographic process may sometimes alter colours. Some items in our photographs are included for display purposes and are not necessarily intended to be installed as shown with regard to proximity. Please refer to the instructions supplied with your product before installation. A summary of this price guide is available in Braille, large print or on audio cassette. Please ask at your local store for more details.

Finance

Open a FlexiPlan credit account and use it for everything you need from B&Q for your home improvement projects when you spend £75 or more. There's one application, one credit limit, and multiple repayment options. Please see diy.com/flexiplan for more information or speak to a colleague in store. Credit available on purchases between £75 - £25,000. **17.9% APR representative.** Interest-free options available on purchases over £1,000. Terms and conditions apply. Availability of credit is subject to status. **B&Q Limited acts as a credit broker and not as a lender and offers credit products from more than one lender. The credit advertised here is provided by Creation Consumer Finance Ltd.**

Doing your bit

The UK's Waste Electrical and Electronic Equipment (WEEE) regulation aims to ensure the waste of electrical and electronic equipment is disposed of in an environmentally friendly way. You can take back any unwanted small electrical products, or if you've purchased a larger, like-for-like product from us, to a B&Q store free of charge. Where you've purchased a large like-for-like electrical product from us within 28 days, we can collect it for a fee per item by calling 0333 014 3529. Visit diy.com for more details.

Returns policy

Please keep your receipt for anything you buy from us. It'll ensure we can help you if you need to bring something back.

If you return a product unused, with the original receipt within 90 days of purchase (or delivery where applicable) we'll exchange the product or issue a refund based on the original method of payment. For purchases made by debit/credit card, the same card must be used to process the refund. B&Q customer sales forms are an acceptable form of receipt.

Products that have been cut, made to measure or mixed to your requirements cannot be exchanged or refunded.

Your consumer rights are not affected

If the product you purchase is faulty, or not as described, we may offer an exchange, refund or repair as appropriate, in accordance with your consumer rights.

Ways to return your items

In the first instance, return via home delivery or diy.com

Contact us on 0333 014 3357.

Lines are open 8am-8pm Monday to Saturday and 10am-4pm Sunday.

Email us at home.delivery@b-and-q.co.uk

Write to us at B&Q Customer Services Centre, North Avenue, Clydebank, West Dunbartonshire, G81 2NT.

Alternatively, return your items to your local B&Q store

You'll need to take the product, your receipt/sales advice and the debit/credit card you used for payment with you.

Contacts
