Planning your GoodHome Atomia storage

Atomia cabinets form the building blocks of your new storage. Cabinets come in five heights (each one a multiple of 375mm), three depths and four widths.

Once you've measured your space, start by finding the depth that works for you. Then choose the width and height of the cabinets according to what you want to store.

Atomia cabinets can be wall mounted or freestanding, with or without adjustable feet. When adding feet, always remember to include this in any measurements.

CREATE SPACE WITH SLIDING WARDROBES

Small rooms, large rooms, alcoves, lofts and all the awkward spaces in-between! Choose a wardrobe made for every home.

No space wasted inside alcoves. Build around doors and windows. Made for under eaves.

FREE UP YOUR FLOOR SPACE

A floor-to-ceiling solution that gives you more storage on the inside so you can free up space on the outside.

Hinged wardrobes can restrict movement in a room. Their fixed sizes mean storage is limited, with additional items being needed, only to take up more space!

Floor-to-ceiling sliding wardrobes create more storage, allowing you to put everything in one place.
