# Style and inspiration

## Classic retro

Retro and vintage styles are great for creating a distinctive, statement look in your bathroom. Darker wood furniture is key here, paired with warm or matt metals for a contemporary feel with a high-end appearance.

## Create contrast

Contrasting light colours with dark features, like a matt black towel warmer, will help bring your décor to life.

From classic retro to blue depths, explore a selection of beautiful bathroom styles, as chosen by our interior design experts.

## Warm sanctuary

Bring the relaxing feeling of nature inside with this warming colour harmony. Inspired by the outdoors, this style combines deep rich colours with warm woods, metals and cool ceramic textures to create a true sanctuary.

## Statement features

Pair nature-inspired colours with patterned tiles to create a bold Mediterranean theme, and add plants to enhance the outdoor feel.

## Blue depths

Bathrooms are a great place to harness the universal appeal of blues. Combine soft blues with darker tones and a hint of verdigris in colour-blocked or tonal designs, creating a consistent theme across your space.

## Blocks of colour

Deep blue units and distinctive tiles work to create impact, offset by white ceramics and classic chrome finishes.

## Inspired by nature

Create a warm, cosy space with these sun-bleached hues and natural materials. Sand-coloured features and deep, saturated botanical tones will give your bathroom a nurturing, tactile feel.

## Different hues

A black worktop and tap can help offset white units, while terrazzo accessories and leafy plants will complement the room's sandy tones.

# Make the most of your space

When designing your bathroom, it's important to think about the kind of space you have, and how many people will be using it. Here's a look at the four most common types of bathrooms to help you get started.

**For more ideas and inspiration visit [diy.com/bathrooms](https://diy.com/bathrooms)**

## Cloakroom

Cloakrooms are all about maximising space. Keep as much space free as possible by choosing a compact basin and a back to wall or wall-hung toilet, and opt for a light colour scheme to keep it feeling bright and airy.

## En suite

En suites are often smaller than main bathrooms, so it's important to make the most of your available space. A shower enclosure can be a great way to save space here, and can even act as a statement piece in your overall décor.

## Wetroom

With tiled walls and floors, wetrooms are a stylish way to create a multi-purpose bathroom. Without the need for bulky shower units, they're a great option for smaller bathrooms. They're also fully accessible, making them ideal for people with limited mobility.

## Family bathroom

Family bathrooms are usually the biggest bathroom in the house, so there's often more space to get creative with things like statement baths and bold tiles. It's also a good place to add storage, such as cabinets and open shelving.

# Furniture

# Cabinets

The perfect way to keep your bathroom tidy. As well as housing all your essentials, bathroom cabinets can also double as a mirror, or even as an additional light. For ultimate flexibility, choose a style with adjustable shelves.

## Mirrored cabinets

Maximise your space with a mirrored cabinet, giving you plenty of extra storage space while also being perfect for those close-ups.

## Why choose a rimless design?

No recess for dirt, bacteria and germs to accumulate.

The flush forces water around the bowl, removing dirt thoroughly.

The exposed pan is easier to clean than standard rim toilets.

# Supercast baths

Supercast is a reinforcement process for acrylic baths that adds impressive heat retention. It mirrors the durability of traditional cast iron baths for a hot soak every time. Shop the full range at [diy.com](https://diy.com)

## Good to know

- Easy-to-clean with a high-gloss finish
- Improved insulation helps keep water hotter for longer
- Durable and hard-wearing, supercast provides similar strength to a cast iron bath, but with the benefits of acrylic.

# Taps

Although they might seem like a small part of your bathroom, taps form a key part of your overall décor. From versatile and modern mixers to standout freestanding styles, here's a closer look at the different types of bathroom taps.

## Basin mixers and bath fillers

Basin and bath mixer taps blend hot and cold water, allowing you to control the temperature and flow of water through a single spout. Choose from a range of styles, including tall and cloakroom basin mixers.

## Basin and bath taps

With separate taps for hot and cold water, basin taps give a more traditional feel to your bathroom. Also available as bath taps, these styles often include cross heads for a truly classic look.

## Bath shower mixers

These all-in-one taps mix hot and cold water, flowing out of either a mixer tap or integrated shower head. With no need for a separate shower, they're an easy way to add a showering option to your bath.

## Freestanding taps

A perfect pairing for freestanding baths, these taps stand directly on the floor and can be positioned wherever there's an available water feed, creating a stunning focal point in your bathroom.

Available in chrome, matt black and brass finishes, all GoodHome taps come complete with a 10-year guarantee, giving you quality that lasts.\*

# Aquadry concealed shower kits

Designed to hide pipework and valves inside the wall, these clever kits give your shower a seamless, minimalist aesthetic. Shop the full range of concealed shower kits at [diy.com](https://diy.com). **Home delivery only.**

## Step 1: Select your thermostatic shower valve

- 2 or 3 outlet options
- Thermostatic shower mixer
- Concealed design
- Brass body with easy-to-fit plate
- Recommended pressure 1.0–3.0 bar
- WRAS approved.

### 2 outlet

The diverter on this valve will allow you to switch between two water outlets: a fixed shower head and a handheld option.

# Digital, electric & power showers

From standard electric showers to smart digital styles, explore a wide range of showers to complement your daily routine.

Digital showers	178
Electric showers	183
Power showers	187

# Digital showers

With a range of smart features, such as voice activation and customisable temperature presets, digital showers make it easy to create the perfect shower, every time.

## Why go digital?

- Digital thermostat gives instant temperature control
- Provides a steady, constant water flow
- Easy-to-control temperature settings can be stored for different family members
- Some models include the option of a wireless remote control
- High and low pressure options available to suit your plumbing system, without upgrading your boiler
- Non-pumped suits combi boilers with a high pressure system, whereas pumped suits all systems, providing extra pressure.

## Water pressure

### Gravity system

Features a cold water tank in the loft and a hot water cylinder in the airing cupboard. The greater the vertical distance between the tank and shower head, the better the performance.

### High pressure system

Water is provided via a high pressure hot water cylinder (usually in an airing cupboard). An expansion tank is often visible on top of the cylinder.

### Combination system

Often referred to as a 'combi', the boiler is usually located in the kitchen and fires up the moment a hot tap is switched on.

- The SmartValve™ can be installed outside the showering area. It's Wi-Fi connected, so it integrates with your smart home using the app.

### 2. Remote control

- A simple button lets you warm up the shower before you step in.

### 3. Adjustable height handset

### 4. Ceiling fixed head

### 5. Smart controller

- A choice of one-touch controllers giving you precise control.

### 6. App connected

- Start your shower
- Select personal profiles
- Track your water usage over time.

### 7. Smart speaker control

- Start your shower with your voice.

## Why choose an Aqualisa® Smart digital shower?

- Easy to install and set up
- Connects to your home Wi-Fi
- Start your shower in three easy ways: voice control using a smart speaker, through the Aqualisa® app on your phone, or via a remote control
- Track your water usage and estimated costs through the new Aqualisa® app
- Includes new Aqualisa® SmartValve™ with integrated diverter
- Aqualisa® SmartValve™ checks and regulates water temperature for a consistent showering experience
- Compatible with all standard UK water systems
- Gravity options come with an integrated shower pump to boost water pressure
- 5-year parts and labour guarantee.\*

# Shower enclosures

Whether you're looking for a classic full enclosure or you're mixing and matching with different panels and doors, shower enclosures can be a great way to add some style to your space. Here's a closer look at the different styles to help you get started.

## Full enclosures

An easy way to protect your bathroom from splashes. Explore our range of square, quadrant and rectangular enclosures, available in a selection of frames and glass styles.

## Fixed panels & doors

For a more standout look, mix and match different fixed panels and doors to create your perfect enclosure, with a choice of both pivot and sliding doors.

## Walk-in enclosures

Perfect for larger bathrooms. Similar in style to wetrooms, walk-in enclosures feature a spacious showering area, partially enclosed by a sleek glass panel.

## Shower trays

Available in a selection of shapes, styles and colours, shower trays act as the foundation of your shower, giving you a safe, sturdy base to stand on.

## GoodHome Ledava

Sleek, stylish and incredibly versatile, the GoodHome Ledava range has it all, with an anti-limescale finish to keep it sparkling. Available in chrome or matt black back profiles, with a choice of clear or mirror glass. **Home delivery only.**

- Extra-thick 8mm safety glass
- Chrome or matt black profiles
- A choice of clear or mirror glass
- Invisible soft-close system on sliding doors
- 1950mm high screen reduces water splashes
- Reversible fittings for right or left-handed door opening
- Can be adjusted up to 20mm for uneven walls
- Complete with an anti-limescale treatment for easy cleaning and maintenance.

# Wetrooms

Stylish, versatile and fully accessible, wetrooms give your bathroom a luxurious, spa-like feel. From trays and screens to waterproofing and accessories, our wetroom range has everything you need to create your dream bathroom. **Home delivery only.**

## Why choose a wetroom?

- Features like a level-access tray are great for people with reduced mobility
- A larger floor space makes access easier
- Wall-to-ceiling tiling and an open layout create a spa-like feel
- With no separate enclosure, wetrooms are quick and easy to clean
- With no bulky shower or bath units, wetrooms can make small spaces feel more open.

### 1. Recessed storage unit

A convenient way to keep your shower essentials close to hand, available in a range of sizes.

### 2. Concealed valve shower

Offers a sleek and more premium feel to the bathroom, with less of the shower on display.

### 3. Drain

Choose either a linear or square drain. Linear drains can be customised with a drain cover.

### 4. Waterproofing

Ensure your wetroom is fully waterproof with our range of tileable wall and floor boards and sealing kits.

### 5. Wetroom screen

Available in a range of sizes, glass and frame options.

### 6. Wall panelling

A great way to offer a floor-to-ceiling seamless look, and is easy to clean too.

### 7. Wetroom tray

Level access tray, available to fully waterproof your bathroom.

# Shower panels

Whether you're designing a wetroom or just creating a stunning feature wall, our stylish shower panels offer an affordable, fuss-free alternative to individual tiles, giving you a seamless finish for a fraction of the price.

## Splashwall™ shower panels

Splashwall™ panels are the ideal alternative to tiles, making it quick and easy to transform your bathroom. Panels can be fitted onto virtually any surface for a watertight finish. Choose from four product ranges, all backed by a 15-year guarantee.\*

## What is a shower panel?

Shower panels are a simple and innovative way to transform your bathroom. Splashwall™ large format panels are typically 2420mm high and 1200mm wide.

Each panel is securely fitted to the wall using adhesive and creates a watertight finish using silicone sealant and trims (where necessary).

Unlike tiles, these panels don't require a specialist fitter and can be installed in a matter of hours. Plus, aftercare is minimal as there's no grout to keep clean. Panels can simply be wiped down with a non-abrasive cloth.

### Postformed

Postformed panels give you a decorative finish on the end panel, meaning you don't need to trim to complete the panel edges.

### Tongue and groove

Tongue and groove panels allow numerous panels to slot together along a wall to create a seamless finish.

- Wide choice of designs
- Easy to clean
- Easily applied to bathroom walls
- Can be applied over existing tiles\*\*
- Requires limited prep and aftercare
- No grouting required.

\*Visit [splashwall.co.uk/guarantee](https://splashwall.co.uk/guarantee) for Splashwall guarantee terms and conditions. Your legal rights are not affected.

\*\*Tiles need to be degreased prior to panels being fitted. Whilst we try to ensure accurate colour representation, please be aware that the printing process may sometimes alter colours. Please refer to the Splashwall™ brochure and sample swatches available in store for the correct colour values.

# Splashwall™ laminate shower panels

## Good to know

Translucent adhesive/sealant is a dual-purpose product that can be used to bond shower panels to your wall, and to clear-seal exposed edges once fitted.

## Stylepanel laminate shower panels

Stylepanel's laminate panels are available in a range of stunning designs, each inspired by natural materials such as marble and stone. **Home delivery only.**

### Square-cut panels

Ideal for single panel installations and corner enclosures. Alternatively, two or more panels can be joined together using Stylepanel trims. Please refer to the installation instructions for more detail.

### ProClick panels

Stylepanel's ProClick panels click together for a seamless finish, eliminating the need for joining trims. Perfect for covering large areas quickly and easily.

### Sureseal

Fit and forget with Sureseal. This simple sealing system is quick and easy to use, leaving the base of the panel encapsulated in sealant and hidden from view, without any unsightly sealed edges.

# Towel warmers

As well as keeping your towels dry, towel warmers heat your bathroom to keep it warm and cosy year-round. Choose from electric or plumbed designs in a range of finishes.

## Plumbed towel warmers

These towel warmers are heated by your central heating system. They dry towels while keeping the room warm, except when the heating is switched off.

# Bathroom lighting

Light up your bathroom with our range of IP-rated lighting, including spotlights, ceiling lights and wall lights in a selection of styles.

## Safety first

### Zone 0

Inside the bath or shower.  
Must be IP67 rated.

### Zone 1

The area above the bath or shower to a height of 2.25m from the floor. Must be a minimum of IP44 rated (or IP45 if exposed to water jets). IP65 rating is recommended.

### Zone 2

The area 0.6m outside the perimeter of the bath and to a height of 2.25m from the floor. Must be a minimum of IP44 rated.

### Other zones

Anywhere outside zones 0, 1 and 2.  
No special requirements, however, it's recommended any light fittings in other areas should have a rating of at least IP20.

A 30mA RCD must be used. All new and modified electrical installations must comply with the latest IET Wiring Regulations (BS7671) and bathroom lighting products must be installed in accordance with local building regulations. If in doubt, contact a qualified electrician.

# Bemis Ultra-Fix® Doesn't loosen!

The Professional Toilet Seat Fixing System

Bemis Ultra-Fix® is a patented hinge fixing system that will actually keep your toilet seat tight.

Bemis Ultra-Fix® is easy to install

1  
Finned bushing provides a snug fit and prevents movement.

2  
The one-piece plastic nut provides superior clamping force.

3  
The bottom of the nut snaps off at the optimum tightening torque, locking the seat down perfectly tight.

## Ordering and delivery

### Available for home delivery

Selected items are available to order for delivery direct to your home. Available for selected locations. Restrictions apply. Delivery charges may apply. See [diy.com](http://diy.com) or see in store for further details. When buying at [diy.com](http://diy.com) we'll tell you the delivery time during the checkout. Please ask about delivery times when ordering in store.

### Store delivery service

If you're not able to get your items home from store, why not use our store delivery service? This service enables you to have your items delivered to the ground floor room of your choice in your home. Ask your local store for details on their delivery area. Charges may apply.

## Ordering and delivery FAQs

### Will all of my home-delivered items arrive together?

You can select the same delivery date for several products at the checkout at [diy.com](http://diy.com). However, items delivered by different partners may arrive separately and at different times.

### Do you deliver to my address?

We're currently unable to deliver online orders to the Republic of Ireland, Jersey, Guernsey, Isles of Scilly, Scottish Islands (including Isle of Skye, Isle of Arran, Isle of Colonsay, Isle of Cumbrae, Isle of Jura, Isle of Coll, Isle of Eigg, Isle of Rum, Isle of Canna), Orkney Islands, Outer Hebrides and BFPO addresses.

Bulk products will be delivered to the kerbside outside of your address. You'll be advised at the checkout if this is the case, and you'll be responsible for moving these items onto your property.

### Can B&Q let me know the time of my delivery?

Some of our delivery partners may contact you in advance by phone or by text message and may let you know either an estimated arrival time or confirm an am/pm delivery slot. If this applies to your order, we'll let you know before you check out and in your confirmation email.

### When will my home delivery order arrive?

For the majority of products on [diy.com](http://diy.com), we'll either be able to let you know, or let you choose, a delivery date before you check out. For all other products, we'll let you know that we'll be in touch by phone or text message to arrange a delivery date. Deliveries will be made between 8am and 6pm.

### When can I collect my Click + Collect order?

If you order before 7pm Monday to Friday or 4pm Saturday and Sunday, your Click + Collect order will be available from 1pm the next day in your chosen store.

Please note that in some stores your order will take two days to be ready and can then be collected after 6pm (this includes stores in Northern Ireland and on the Isle of Man, please see [diy.com/click-collect](http://diy.com/click-collect) for the full list).

Find out more about when your order will be ready for collection on our Click + Collect page at [diy.com/click-collect](http://diy.com/click-collect)

If you don't collect your order straight away, we'll hold it in store for you for 7 days. If it's not been collected after 7 days, one of our team will be in contact with you.

### Where do I collect my Click + Collect order from?

Your Click + Collect order will be available at the Click + Collect point in your chosen store. Look for the Click + Collect signs in the checkout area.

## About our products

All products are subject to availability.

All prices are correct at the time of going to press and may be subject to change. Whilst we try to ensure accurate colour representation, please be aware that the photographic process may sometimes alter colours. Some items in our photographs are included for display purposes and are not necessarily intended to be installed as shown with regard to proximity. Please refer to the instructions supplied with your product before installation. A summary of this price guide is available in Braille, large print or on audio cassette. Please ask at your local store for more details.

## Finance

Open a FlexiPlan credit account and use it for everything you need from B&Q for your home improvement projects when you spend £75 or more. There's one application, one credit limit, and multiple repayment options. Please see [diy.com/flexiplan](http://diy.com/flexiplan) for more information or speak to a colleague in store. Credit available on purchases between £75 - £25,000. **17.9% APR representative.** Interest-free options available on purchases over £1,000. Terms and conditions apply. Availability of credit is subject to status. **B&Q Limited acts as a credit broker and not as a lender and offers credit products from more than one lender. The credit advertised here is provided by Creation Consumer Finance Ltd.**

## Doing your bit

The UK's Waste Electrical and Electronic Equipment (WEEE) regulation aims to ensure the waste of electrical and electronic equipment is disposed of in an environmentally friendly way. You can take back any unwanted small electrical products, or if you've purchased a larger, like-for-like product from us, to a B&Q store free of charge. Where you've purchased a large like-for-like electrical product from us within 28 days, we can collect it for a fee per item by calling 0333 014 3529. Visit [diy.com](http://diy.com) for more details.

## Returns policy

Please keep your receipt for anything you buy from us. It'll ensure we can help you if you need to bring something back.

If you return a product unused, with the original receipt within 90 days of purchase (or delivery where applicable) we'll exchange the product or issue a refund based on the original method of payment. For purchases made by debit/credit card, the same card must be used to process the refund. B&Q customer sales forms are an acceptable form of receipt.

Products that have been cut, made to measure or mixed to your requirements cannot be exchanged or refunded.

### Your consumer rights are not affected

If the product you purchase is faulty, or not as described, we may offer an exchange, refund or repair as appropriate, in accordance with your consumer rights.

### Ways to return your items

In the first instance, return via home delivery or [diy.com](http://diy.com)

Contact us on 0333 014 3357.

Lines are open 8am-8pm Monday to Saturday and 10am-4pm Sunday.

Email us at [home.delivery@b-and-q.co.uk](mailto:home.delivery@b-and-q.co.uk)

Write to us at B&Q Customer Services Centre, North Avenue, Clydebank, West Dunbartonshire, G81 2NT.

### Alternatively, return your items to your local B&Q store

You'll need to take the product, your receipt/sales advice and the debit/credit card you used for payment with you.

GoodHome is our product brand. It is a seal of quality, innovation and excellence. A number of existing products branded Cooke & Lewis have garnered great customer feedback and passed all our assessment criteria. They have therefore won the right to move under the GoodHome brand, but are still being supplied under their original Cooke & Lewis packaging for a short period. This is because, true to our sustainable ambition, we do not believe in throwing away perfectly good packaging.
